DIRECTOR'S NOTE

Once a year, our unique Mentor Program integrates adult professional actors with children and teens. The program is designed to have our students learn what it's like to be a professional working actor and model after the adult's expertise. In turn, our adult actors/mentors find fulfillment in imparting their knowledge and love for the theater. We extend our gratitude to all of our adult actors.

For over 25 years The Performance Project, Inc. has dedicated its endeavors towards South Florida's artistic growth through its professional theater company and school of the arts. This particular script, especially written for family audiences in mind, has been produced on the professional stage since 1994. Like so many holiday traditions, we hope to make this show a part of your yearly routine . . . a timeless family classic that pervades messages of humility, charity and goodwill.

Happy Holidays and God bless us everyone!

Nina Felice
Executive Director of
The Performance Project
